Description

As a boy, growing up at our family winery, I loved to slap my hands against the empty tanks to make them thunder. My other love was motorbikes. In motorcycling a tank slap is referred to as having a 'Moment'. The handlebars shake and your thighs slap against the fuel tank. The outcome is up to chance.

This dry Riesling from Watervale shows a lovely citrus blossom nose coupled with a clean crisp limey finish.

Enjoy this moment!
